Discover our *SECRET* Ingredient: 7 ways Crown Catering can help you...

1) *Your special function will be remembered and talked about for years to come*

Your guests will be delighted by our freshly prepared and healthy, hand made salads served with a range of mouth watering spit roasts or steaks fresh from the barbeque. Guests will be impressed by the wide variety of food on offer from the buffet table. Our 100% guarantee that you will not run out of food means that even the biggest eaters in your family will be pleased.

2) *You will save hundreds of dollars and receive truly amazing value*

Extra large portions sizes, greater variety on every buffet table, free desserts, free cutlery and crockery upgrades, free tall ship cruise tickets, (value \$158), free no obligation taste tests and outstanding levels of service. We listen to you and give you more time to express your needs and offer free on-site consultations for large or any special event including weddings. We can customise menus and tailor make packages to suit your needs and budget. Discounts are negotiable for large groups.

Do you need chairs, tables, marquees or other equipment? Save up to \$613 by combining your catering with a party hire package.

3) *Your food is prepared by professional chefs in a certified Commercial Kitchen with Gold Licence accreditation*

You should only trust your catering to professionals. Backyard and budget operators take short cuts and are cheap for a reason. Don't risk having hungry and disappointed guests at your special function. We are a Gold Licence member of the Restaurant and Catering Association and all food is prepared fresh every day in our certified commercial kitchen.

4) *Your guests are served by helpful, professional and trained staff*

We only employ friendly and honest people that are dedicated to providing outstanding customer service. All our staff wear a Crown Catering uniform, are fully trained, insured and equipped with all serving utensils.

5) *You are free to spend more time with family and friends*

Your family and friends will enjoy spending time with you (a relaxed host) while we do all the work. Crown Catering prepares cooks and serves mouth watering meals AND we do all the cleaning up.

6) You get the finest tasting, most mouth watering spit roast you've ever tasted in your life, guaranteed, or it's free!

But don't just take our word for it – we invite you to try us out. We will deliver to you at no cost a sample of our delicious roast beef with gravy and fresh rolls for six people. No risk, no cost and no obligation. Call now on **1300 66 44 67**.

7) Our Secret Ingredient: Time

As simple as that! Time now, for you to ask questions and get your catering package just right AND more quality time for you to spend with family and friends during the function. Call any one of us here and you will discover that we give our customers more time than anyone else to express your particular needs. Be it over the phone, via email or in person you are welcome to take your time and we will build a package tailor made just for you. Please call me (David) or Michael (our head chef) on **1300 66 44 67**.

Here's what some of our recent customers have said about our catering services:

"Thank you for an excellent job. Well done. You took all the worry out of the catering and left the hostess free to mingle with guests." (Alan Heaney)

We had our twins 21st birthday last Saturday and used your company to do the catering for this function. I wanted to let you know how impressed we were; we had the bbq spit roast for 45 people and the food was fantastic, we had so many of our friends comment how lovely the food was as well. Also I must mention how lovely Karen and Chris were -nothing was a trouble and they were so helpful, and the presentation of the food was great.

Thanks to your great staff we were able to mingle with our guests instead of being in the kitchen, I would have no hesitation in recommending your company as you guys deliver the complete package. Once again thanks for making our night so special.

Frequently Asked Questions

1) How do I know that the food will be tasty?

At Crown Catering we want you to be confident that you will receive the most mouth watering spit roast and invite you to try us out – for free. We will deliver to you at no cost a sample of our delicious roast beef with gravy and fresh rolls for six people. No risk, no cost and no obligation. Just call us on **1300 66 44 67** to organise your free sample.

Also, we believe that “fresh is best” and our gourmet salads are handmade daily by professionals. Your guests will really notice the difference between these salads and bland factory made salads that quickly become limp and lifeless.

2) Am I dealing with a professional caterer who will deliver all they promise?

There are many backyard and budget caterers out there that are happy to take your money and cheap often means nasty. Crown Catering is one of the largest spit roast caterers in Sydney and has a large corporate clientele comprising some of the country’s largest and best known companies who insist on professional Gold Licensed caterers.

The Gold Licence logo is a symbol that you can trust as its standards are rigorously upheld by the Gold Licence Accreditation Board of the Restaurant and Catering Association. We undergo an annual accreditation process that covers all aspects of our business from commercial kitchen hygiene inspections, staff training and insurance checks.

Don’t leave your special function to chance; hire a reputable and qualified caterer who will deliver the results you deserve.

3) Will the caterer provide enough food as my family and friends are big eaters?

This is a major concern for our customers and accordingly we serve extra large portions. To back this up, Crown Catering offers a 100% guarantee you that you will not run out of food.

4) What if the caterers are dodgy and embarrass me in front of my guests – If I make my decision about the caterer based purely on price, will my guests suffer the consequences?

The reason that the old saying “you get what you pay for” is still around is because it rings true. Don’t risk having hungry and disappointed guests.

Crown Catering offers great value and affordable catering packages that you will be proud to have served to your guests. All of our chefs are fully trained, insured, wear a uniform and have their serving equipment supplied by Crown Catering to ensure consistent presentation. We serve extra large portions and guarantee that you won’t run out of food.

5) Will I have to micro-manage the chef and get stuck at the end of a night with a huge mess and mountains of washing up?

At Crown Catering, our professional staff enable you to focus on the reason for the event and enjoy yourself – not end up stuck running around making sure that everyone is being looked after and missing all the fun. We wash up and leave your venue tidy.

By hiring a chef you don’t have to shop, prepare, cook, serve or wash up – just think of all the other better uses for your valuable time!
